## **IV. DIRECTOR'S REPORT – Brooke Dittmar, Director**

Written report submitted. Brooke reviewed the Director's report. MHLS is talking with surrounding libraries and Overdrive to unite under the Reciprocal Lending Agreement. This agreement is good because if we get library systems to join together we will have a lot more options (eBooks) to choose from. Brooke included Overdrive statistics as well. Brooke talked to our plowing guy and asked for a quote for sealcoating and new lines in the spring. The digital sign tripped a breaker a couple times in a week. They will keep an eye on it. The breakers are next to the sign on the post. New York State is increasing minimum wage which to \$13.20 per hour. The EBA (Esopus Business Alliance) meeting was held at Woodcrest Church Community. It was very interesting to see what they make for people with

special needs. Brooke talked to the electrician to do some work for us. The light bulbs on the marquee need to be replaced. She also talked to him about the parking lot lights. She wants to change the light bulbs to be light sensitive rather than based on a timer. Don mentioned that some of the lights inside are on the same timer as the parking lot lights. It would be a good idea if we can get the timer removed inside. The Town of Esopus Highway needs to be involved in the changing of parking lot lightbulbs, as they have a bucket truck to assist with this work. We have the bulbs in house that need to be installed. Brooke will contact the Town of Esopus Highway to come and install the lights.

#### **V. FRIENDS -- Susan Leiching**

Susan reported that Friends met on 11/17/21. Friends made \$1510.00 at the book sale. We need a vintage curator to see if we have any books that are old and of any value. The next book sale will be at the Apple Festival in the fall next year. The 5.00 bag sale might be continued at the next sale. They are accepting book donations. December lobby sale will be ready. The bookseller will open on 12/15/21. The membership mailing is scheduled for January. Susan reviewed the list of officers.

#### **VI. COMMITTEE REPORTS**

- **Buildings and Grounds– Jim Fitzmorris**

Written report submitted. Jim reviewed the newly sent committee meeting minutes. The Committee will find out what structural/safety codes apply to the new pond bridge. Don discussed the possibility of working with a computer recycling group with assistance from Office of the Aging to recycle our old computers (after the hard drive is removed).

Libraries are also a safe haven. When FEMA leaves and all order is restored, there is still a lot to do. The library does have a part to play in disaster cooperative effort. Backup power for the digital sign is important because it could be used to help direct folks in case of emergency.

**Director's Report to the Board**  
**December 2021 meeting (held January 4, 2022)**  
**Brooke Dittmar**

I hope you all have had a pleasant holiday, and will enjoy the upcoming holiday, as well!

The \$8,000 that we have been expecting from the Kingston School District has arrived. The PILOT payment has not yet arrived, however, from the Town of Esopus. We should have it in hand before the end of the month. Last year it amounted to \$3,849.

Gilbert is interested in seeing the participant numbers for our virtual programs, so I put together a document that has the numbers of participants for each adult program that took place in the past year, monthly totals for all programs, and the year-to-date total number of participants. We have provided an impressive number and diversity of programs, and have had an impressive number of participants, even though some patrons were tired of Zooming by the time January 2021 came around. See the attached sheets for this info.

During Shannon's research for supplies for one of her programs, she came across a company that offers \$500.00 Promotional Products grants, to be used in the purchase of their products. They have approved our request for a grant, and we will be ordering large mugs with our logo on them.

Starting on January 3<sup>rd</sup> the bin delivery system (ILL) will be changing a little. We will now be "pre-sorting" the items that we are sending to libraries that come after us on that day's delivery route (the routes and the order of libraries changes some on different days). This will help the drivers sort our bins more quickly when they get them into the van. This is something that they have always done, allowing the items to be delivered to those libraries after us on the delivery route. This process is more efficient than it would be to have all items delivered to Mid-Hudson to be sorted, and then disseminated out to libraries from there. This process is one of the reasons why delivery of items takes such a short amount of time!

We are just about to wrap up our food drive (at the end of this month). For those of you that aren't aware, we accept non-perishable items, and, in exchange, give the patron a \$3.00 credit for each item donated, toward any fines that they have on their account. It's a popular program, which we do twice each year. This year we have also been offering tickets for a raffle to those people that donate 10 or more items for the Food Bank. Eight people have participated in the raffle so far. The winner will get a basket filled with useful items and treats for winter-time.

I look forward to seeing everybody at our December Zoom meeting (being held on January 4, 2022)!

Nancy spoke earlier with Natalie Lincoln, the grants coordinator from Antonio Delgado's office, who recommended contacting the USDA Rural Development Office, which was done. Our contact there will call back with information for us. Natalie Lincoln also said that we could set up a Zoom meeting with her to discuss other available federal funds.

Brooke and Nancy reviewed the Green Mountain Energy website. Based on our responses to the qualifying questions, we might be eligible for a sustainability grant. A message was left requesting further information.

We spoke with the Sustainability Committee about prioritizing needs before applying for any pertinent grants.

- ESign- backup power: Solar with batteries?
- Community needs: charging, warming and cooling.

Brooke contacted Timely Signs about a solar power option. They do not do this.

Don suggested contacting Energy Conservation Services ECS in Port Ewen for an assessment of our solar and geothermal systems efficiency. Reggie offered to also present the library's interests.

Laura and Don shared some ideas for green energy practices that need development.

RESOLUTION OF THE BOARD OF THE TOWN OF ESOPUS LIBRARY  
Resolution 44 of Year 2021

HEALTH BENEFITS CHANGE AND CONTINUATION FOR DIRECTOR

WHEREAS, the Director's compensation package includes medical benefits, per 2014 Resolution 13,

WHEREAS, instead of the library paying for this medical program directly, it is most straightforward to reimburse the Director after she has paid for this program out of pocket,

WHEREAS, the cost of the program may change yearly,

WHEREAS, the Director has paid out of pocket for the previous 5 months,

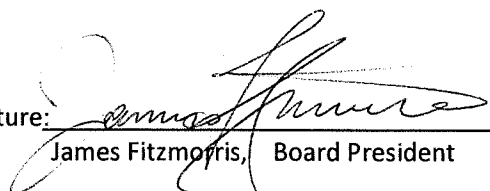

RESOLVED, the Board of Trustees of the Town of Esopus Library accepts the recommendation of the Governance and Personnel Committee, in order to continue with the library's compensation responsibility, to approve the monthly reimbursement to the Director, for the cost of the required alternate health plan, as well as to reimburse the Director back to the coverage month of August 2021.

FURTHER RESOLVED, that this resolution shall take effect immediately.
