

BYLAWS VOTE

In cooperation with an Ulster County-wide effort, the Town of Esopus Library's Board of Trustees will vote on a change to the bylaws of the Library at the upcoming Board meeting on January 28th. The Ulster County Library Association has asked that all libraries in the County whose legislation allows it to set their election day to the third Tuesday in September. It is hoped that aligning the election days and budget votes of most libraries in the County to a common day will improve voter turn-out. The Town of Esopus Library's legislation of 1994 does allow this amendment to the bylaws so the Board of Trustees will consider changing the Trustee election day and budget vote from the first Tuesday in June to the third Tuesday in September at their next meeting. As always, members of the public are welcome to attend and observe and those who wish may speak their minds during the public portion of the meeting.
